Attractive
cost of living

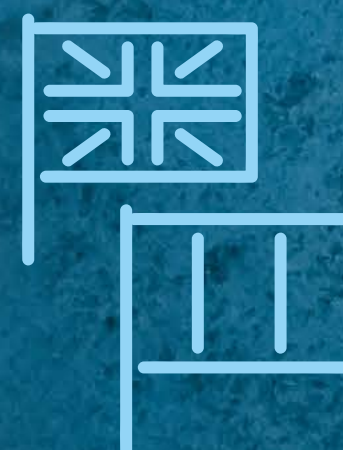

Advantageous
tax system

Accessible state-of-the-art
medical services

Rich & harmonious
culture

Francophone & Anglophone education
(French/US/UK system)

Wide range of
international products

Live in Mauritius

If relocating to somewhere sunny and friendly sounds like paradise, we know the perfect place. Start your new adventure solo or with your family. The possibilities in Mauritius are endless and the benefits are countless — move towards the lifestyle of your dreams.

Retire in Mauritius

By choosing to retire in Mauritius, your best days are ahead of you. We facilitate your retirement transition by ensuring that you have all the necessary permits and documents in place to avoid day-to-day inconveniences and allow you to live your best life. Whatever the reason behind your move, we'll make sure it goes smoothly.

Working in Mauritius

Obtaining a residence permit is the first step to enable you to work in Mauritius. Whether you are an employee, an independent entrepreneur or an investor, pursuing your career in a new country should not be a daunting task.

Polaris Corporate Services will help you determine your eligibility in order to obtain the most suitable work permit for your professional situation. In addition, our team of professionals will make sure that you are always informed about the latest measures available to you.

Our team

Polaris Corporate Services is composed of a team of professionals with a strong background in business advisory services aimed at meeting the needs of our local/international clients by helping them exploit opportunities around the world.

Our team

Frankie Tang is the Founder & Managing Director of Polaris Corporate Services.

During his career, Mr. Tang has been a renowned business consultant and facilitator for more than twenty-five years in Mauritius, Madagascar and Seychelles, where he worked for leading international consulting firms.

He has assisted in the implementation of more than several hundred businesses in Mauritius and abroad as well.

“

We will guide you right from the start on the planning and compliance issues to ensure you fully meet all their plans and objectives.

We differ from the competition mainly through our very **personalised approach** and our **one-stop-shop services**.

With our team of corporate, legal, financial, accounting, and banking experts working together, we can provide customised and strategic business solutions to help individuals and corporations optimise the success of their businesses and investments.”

Frankie Tang
